

For a strengthened post-2027 cohesion and growth policy with regions at the centre

2ND OCTOBER 2024, 14:30-16:30 | BRUSSELS
EUROPEAN PARLIAMENT - ROOM PETRA KELLY 1G3

Ahead of the Commissioner Designate hearings, this event constitutes an important milestone for regional advocacy with 134 European regions coming together to support a strengthened cohesion policy for post-2027.

This call to action aims at achieving a robust budget for future cohesion policy, putting regions at the centre in both the design and implementation of the structural funds. This initiative is in line with the Cohesion Alliance and other current regional initiatives supporting cohesion.

We value the partnership with the European Parliament for a renewed cohesion policy- the main, long term, place-based investment policy which contributes to the European integration process.
